The new Napier Park program will be designed to provide individuals from historically overlooked communities with career opportunities in the finance industry

New York – October 25, 2021 – Leading alternative credit manager Napier Park Global Capital (“Napier Park”) today announced that it has launched a two-year rotational analyst program with [StreetWise Partners](#), a nonprofit organization dedicated to creating employment opportunities for individuals from historically overlooked and under-resourced communities.

Each year, StreetWise pairs 600 individuals from the communities it serves in New York, Washington D.C., and Detroit with mentors to help them find careers and professional success.
